6:35 First Dances  
6:45 Dinner  
7:45 Cake Cutting  
7:50 Open Dance Floor  
9:30 Exit

# SOME NOTES

- The Traditional Ceremony should start no later than 2 hours before sunset, preferably 3 hours before sunset.
- If we are short on timing at all during the day for any portraits, and have to do more portraits after the ceremony, the extended family photos will be pushed back into the reception time, so that I can focus on Bridal Party, Immediate Family, and Mr. & Mrs. Photos.
- Please have any 'details' you want photographed in a box/bag upon my arrival. These details can be rings, invitation suite, shoes, jewelry, heirlooms, letters, or anything else you want photographed.
- Also note that by the time you put your dress on, the room needs to be clean, or at least appear that way. Let your bridesmaids know they need to move all their belongings either into a closet or in their cars 20 minutes before you put your dress on. They can bring everything back in the room during your first look to finish getting ready.
- Please be sure to tell your hair and makeup person to be finish 30 minutes before you are "suppose" to be done. Whatever time you put on your dress, they need to be finished with your hair and makeup, as well as whoever is helping you into the dress.
